

AN OPEN LETTER TO ALEXANDRIA OCASIO-CORTEZ

November 16, 2021

Dear Congresswoman Alexandria Ocasio-Cortez,

I am a candidate for the Republican Party's nomination to Congress in Florida's 3rd District. You claim to have entered politics to fight political corruption that hurt your family in court. That is a lie. You were created by Critical Race Theory advocates and the Black Lives Matter (BLM) organizations. They created you to advance their Marxist corruption that is far more dangerous than any other form of corruption. I entered politics to fight Marxism in America, and so my fight is with you and the leaders in Congress on both sides who control the nation's judicial and legislative policies.

I was appalled by your conduct towards Ted Yoho while he was representing Florida's 3rd District as a Congressman. You fabricated the story that Congressman Yoho called you a "F**king Bitch" to distract the public from the BLM and Antifa looting that was occurring throughout the country. Your malicious ploy worked. The Fake News media focused on Ted Yoho, and your hysterics made Congressman Yoho a target for the Left who impinged on his liberty and even threatened the Congressman's life. The establishment reacted by coercing Congressman Yoho to apologize for something he did not do. Even after Congressman Yoho apologized, you did not stop. You hurled insults at Congressman Yoho's apology and character, and you inflated your accusations to attack all men. Then you posted a video of yourself dancing in front of the US Capital building to a song titled "Boss Bitch."

Americans are not fooled. We know right from wrong. We can discern the truth for ourselves. We are repulsed by your nonsense and the moral absurdities the establishment in Congress used to side with you and the Left.

You are the one that must be disciplined. Your lies are destroying churches and families, and cancelling free speech and religion in America. You are responsible for indoctrinating our youth with the falsehood that America is a racist nation, that biology does not matter, and that abortion is exclusively a feminist issue. You are the one who endangers public safety and private

property by promoting insane policies to defund the police. You are the one promoting open borders, calling to close the ICE that encourages foreigners and federal judges to break US immigration laws.

I am running to enforce the Constitution and believe - as all of the Founders did - that God endowed man with unalienable rights to protect their liberty and happiness. I am running to stop you from destroying the Constitution and every America's right to life, liberty, and the pursue of happiness.

I challenge you to a debate on these issues. The proposition of this debate is whether your radical secularism -- the belief that that there is no such thing as "right" and "wrong" -- has destroyed truth and reasoning. I will show you and your Leftist followers that truth and morality do not change whether you are black or white, or rich or poor, or man or woman. I will hold the establishment accountable for the violations of the Constitution that brought you and immorality into our judicial system. Through this debate, I will expose how the establishment has aligned with the Leftists to ruin the integrity of America's courts, borders, the 2020 census and presidential election. Judges that lie are the real tyrants. I will show how we can solve these problems simply by stopping politicians from violating the Constitution and its separation of church and state under God and a renewed commitment to the belief that America a Blessed Nation the power to fight back against you and even the establishment.

The people of Florida are tired of Leftist politicians and lawyers and judges fabricating lies and violating the Constitution to destroy truth and reasoning. I have a plan to take back our country from the Socialists and Leftists who are trying to dismantle basic American values. When I get to Congress, I promise that your reign of terror will be over.

Sincerely,

Manuel P. Asensio

Candidate for Republican Congressional
Nomination in Florida's 3rd Congressional
District
