

OPEN LETTER REGARDING KAT'S POLICY ON HONESTY

January 21, 2021

Dear Chairman Curtis and Vice Chair Rhonda:

This confirms my attendance as a candidate for the endorsement of the members of the Republican Party of Clay County's Executive Committee, in opposition to Kat Cammack, at the meeting of the Executive Committee to be held at 7:30 p.m., at the Town Hall of Orange Park 2042 Park Ave Orange Park FL 32073 on Monday, January 24th, 2022.

America is goodness and truth. It has nothing to fear from the truth, which makes it a Blessed Land and the greatest nation on Earth. Yet honesty have never been more beaten down in America. Deceit at all levels of the federal government, especially its judicial branch, has overwhelmed reason and even our finances. I have a concrete solution to restore facts, reasoning, and honesty to the federal government and national media. It begins with we Republicans being honest with each other.

Truth and honesty are the gating issues that needs to be resolved before the Committee can cast their votes to endorse me or Kat. I have set forth exactly where and how Kat is acting dishonestly on matters central to her congressional duties and her duties as the leading federal official of the Republican Party in Florida's 3rd Congressional District.

I have asked Kat to agree that it is our highest duty as leaders of the Republican Party to be honest, to engage with each other truthfully in good faith, and to dedicate ourselves to the discovery of the truth. I have asked Kat whether she agrees that our republican democracy thrives on open debate and the free exchange of ideas Kat has stonewalled.

If Kat agreed, then Kat would not be hiding and avoiding debate and ignoring the decisive facts, factors, and circumstances related to our important policy differences.

I have exposed Kat's lack of care and understanding about who stole Trump's 2020 Victory and how to reverse the steal. Furthermore, Kat lacks understanding on how to reverse the Democrats' charge that Trump attempted to subvert justice in the investigation of the 2020

Presidential Election, and show that it was truly the Democrats who subverted justice. The record also contains evidence of Kat's cover up of the consideration proceedings at the US Judicial Conference that contains evidence of central importance in the investigation of the presidential election.

True Republicans know that the Democrats could never have been successful in subverting justice in the 2020 Election without the help of William P. Barr, Pat Cipollone, and the Republican Party's federal judiciary policy experts who provided false and misleading advice to the Office of the American Presidency. Without them, Mike Pence and John G. Roberts Jr. could not and would not have functioned as they did.

The fact is that our voters know that these federal judiciary policy experts are not magical thinkers but money-making operative who benefit when the federal judges take power from legislative power from Congress and executive power from the president.

The fact is that our voters know the truth about the 2020 Election, and if you endorse Kat with resolving the dispute between me and Kat, you are acting politically against them and the truth.

The Committee's endorsement will an important and controversial socio-economic and political statement.

I trust that the Executive Committee will clear on the facts and reasoning underlying its vote and avoid political and procedural nonsense that is the greatest problem in America today. I trust that Committee will conduct the endorsement meeting in a manner befitting the truth.

Thank you and God Bless America.

Sincerely,

Manuel P. Asensio
