

**OPEN LETTER TO KAT REGRADING HER OPPRESSION OF PUBLIC POLICY  
DISCOURSE ON LAWS GOVERNING FEDERAL  
JUDICIAL MISCONDUCT AND POLICY MAKING**

February 17, 2022

Dear Kat:

The tone of this letter reflects my repulsion of your deceitful conduct and your tacit approval of deliberate and malicious federal judicial misconduct, which harms all Americans in all matters and for no reason at all.

I went to two Clay County Republican events this month to engage you in a public policy discourse. At the first event, I was misled to believe that you would be present and that we would engage in a debate as part of the Republican Party of Clay County's process to choose a candidate to endorse in our race. Your endorsement was supposedly pre-arranged and there was no plan for you to attend. Fortunately, during an ad hoc process led by me, I had the opportunity to speak about your ineptitude and cowardice. As a result, you lost and were not endorsed.

At the second event, a media executive briefed Congressman Jim Jordan on my plan to reverse the baseless and wrongful certification of the 2020 election and to end the ridiculously unconstitutional and undemocratic national policymaking at the US Judicial Conference. I have been told by a reliable source that you were so worried about my powerful ideas that you executed a plan to keep me from meeting with Congressman Jordan.

You fabricated the idea that I took part in the January 6<sup>th</sup> demonstration at the US Capital Building in order to undermine my credibility and convince Congressman Jordan to avoid me.

My ideas can fix our broken political system, but you are too selfish and spineless to engage me in meaningful debate. Perhaps you know that your pitiful excuses and factious life story will be no match for my insights and plan for the future. You

cannot avoid me forever, and sooner or later the voters of the 3<sup>rd</sup> District will see that I deserve to take your place as their representative.

We are engaged in a public affair. Attached here in my letter to you dated December 15, 2022. I did not receive a reply. This is a follow up. When are we going to begin the democratic process in our race?

Sincerely,

*Manuel P. Asensio*

## OPEN LETTER REGARDING KAT'S POLICY ON HONESTY

December 15, 2021

Dear Kat:

I am seeking the nomination from the Republican Party for Congress in Florida's 3rd Congressional District. There is nothing benevolent about secret associations, secret proceedings, and secret oaths in a democratic republic. Do you agree that our democracy thrives on open debate and the free exchange of ideas? If so, then why are you trying to crush debate and hide our important policy differences from the voters?

It is our duty as leaders to be honest, to engage each other civilly in good faith, with mutual respect. The People of Florida and the 3<sup>rd</sup> Congressional District are entitled to know the truth about why you and I are running for Congress.

Our differences are obvious. I have a concrete solution to restore facts, reasoning, and honesty in the federal government and national media. I have exposed your ignorance about the New York Times' 1619 Project, critical race theory, and Black Lives Matters and the serious danger that they present to our nation and our children.

I have shown that you are a creation of the same Republican leaders in Congress that chose to defend Congresswoman Alexandria Ocasio-Cortez (AOC) against your predecessor, Congressman Ted Yoho. The Republican leadership chose to coerce Congressman Yoho into apologizing for something that he did not do. As a result, AOC and her Marxists cronies were able to cancel the truth and advance their anti-American agenda.

Finally, and most importantly, I have shown how you are covering up the deficiencies in the laws that govern federal judicial conduct and concealing the problems with the Republican Party's federal judiciary policy in the House of Representatives.

I challenge you to stop playing games with our voters. Let us engage in an open honest conversation so that the voters can discern the truth, the whole truth, and nothing but the truth.

Let us honestly make the voters aware of our stark differences and let them decide the truth.

I look forward to your response. Thank you and God Bless America.

Sincerely,

*Manuel P. Asensio*
