

## **Kat Cammack's Lies and Her Bogus Campaign for Chair of the Republican Party's Republican Study Committee and Call to Come Out of Hiding**

May 20, 2022

Dear Congresswoman Cammack:

Earlier this week, we posted information on our campaign website that shows your “from homelessness to Congress in 10 years” story to be a lie. Your stories about your homelessness and growing up on your family's cattle ranch are also lies. Your stories about your relationship with Ted Yoho who fired you who did not endorse you and is not endorsing you are lies. Your claimed motive for getting into politics—the story about how your family lost its cattle ranch because of an Obama program— is also a lie.

Your story does not highlight America's greatness. It is a tragic story of how a liar got into Congress by pretending to be a conservative. Your lies are an insult to conservatives. They insult my love for America as a Cuban refugee who escaped communism twice and who is really fighting the Left. Now about the Republican Study Committee (RSC).

The purpose of the RSC is to deal truthfully with the problems the Left has created in America. The RSC needs leaders who look for and stands up for the truth—not a lying politician who hides from the truth. Your lies insult the conservative values and principles enshrined in the Declaration of Independence and Constitution—principles and values protected by the Bill of Rights. Your lies make you as bad for America as the Leftist.

Coercion is why U.S. Congressman Ted Yoho apologized to Alexandria Ocasio-Cortez even though AOC is a liar and lied about Mr. Yoho. Maybe if you supported Mr. Yoho when he needed someone to support him, Mr. Yoho would not have had to apology and the Left would have suffered a significant loss.

My bill the “Eva Asensio Anti-Judicial Corruption Act of 2023” resolves the use of coercion by the Left to enforce their lies against Americans – including the Left's lies about the 2020 elections. Yet even though you claim to be a conservative and a Trump supporter, you are hiding from debating my bill and have no idea how to deal with the 2020 election or the Left. I am an experienced successful fighter and defender of the Constitution. I can and will confront the Left with the full force of the Bill of Rights. A liar like you should not be promoting herself as a leader of the RSC. As always, I call on you to face me and my bill in the public square.

Sincerely,

*Manuel P. Asensio*
