

OPEN LETTER TO FORMER FEDERAL JUDGE J. MICHAEL LUTTIG

February 24, 2022

Dear Judge J. Michael Luttig:

Our Constitution, President Donald J. Trump, and coincidentally, my precious innocent daughter, Eva Asensio, are victims of organized deliberate and malicious federal judicial misconduct. President Trump is yet to become aware of it. My greatest hope is that you join me and my campaign to end it.

According to you, William P. Barr, and Richard Cullen, Vice President Mike Pence resolved the certification matter. Mr. Pence is an executive. The three of you are lawyers. According to President Trump, his lawyers and his political ideology, Mr. Pence betrayed the Constitution and law, and the principles set forth by Founding Fathers, their generation, the first and second Continental Congresses, the Declaration of Independence, and the Federalist Papers.

Thus, Mr. Pence is either an innocent victim of your conflict of interest in favor of the federal judges or a traitor. In fact, deliberate and malicious federal judicial misconduct in the election and towards the office of the presidency is the highest fraud element that Mr. Pence has a duty to resolve.

Now it is time for you, Mr. Barr, and Mr. Cullen to act with patriotic courage like the patriots at the Boston Tea Party, the Battles of Lexington, Concord, Bunker Hill, and Yorktown, the winter at Valley Forge, and the Barrage on Ft. McHenry, and the Civil and World Wars, so that the three of you can speak the truth of what you have done to our Democracy.

I equate your tweet to Mr. Pence to the anonymous summon to an unsanctioned assembly of mutinous army officers at Newburg, New York during the Revolutionary War. I pray that you summon the effectiveness of General George Washington on the morning of March 15, 1783 when he put down the Newburg rebellion and speak truth to Mr. Barr (who you say you spoke to "seemingly" every day throughout the entire Trump administration) and Mr. Cullen (who you call one of your closest friends in all of life), and Mr. Pence who you misled with your political nonsense and legal absurdities. Now you must put aside all foolishness and simply tell Mr. Pence that you and your tweet were wrong.

God Bless you and God Bless America.

Sincerely,

Manuel P. Asensio
