Dear Congressman Jim Jordan:

You are scheduled to speak at the Republican Party of Clay County's Take Back America BBQ Rally on Saturday, February 5th at the Clay County Fairgrounds Arena. I write to ask for a meeting before you appear at this event. We must take this opportunity to speak about my novel proposal to effectively stop corruption at the US Judicial Conference and deal with the 2020 election simultaneously.

I am a candidate for the Republican Party's nomination for Congress in Florida's 3rd Congressional District. I am running against Kat Cammack, a RINO and a member of the resistance. (See attachment) Not only is Kat covering up evidence of corruption in the 2020 presidential election, which you are investigating, but she is also concealing the ways in which the US Judicial Conference tyrannizes and oppresses American citizens. The US Judicial Conference is the reason the Left was able to steal the election, why President Trump could not stop illegal immigration, and why parents are stripped of their parental rights and left without recourse. Yet, Kat refuses to acknowledge that the US Judicial Conference is at the center of the Swamp in Washington DC. I am running to expose the corruption at the US Judicial Conference and my first order of business in Congress will be to destroy and dismantle this judicial machine that powers the Swamp.

The widespread corruption at the US Judicial Conference is no secret in Washington, D.C. In fact, virtually every peer reviewed academic paper published by experts on the matter agrees that the US Judicial Conference wrongfully and materially impacts important and controversial socio-economic and political matters. To even claim that it does not is [utter nonsense and absurd](#). Congress, however, lacks an understanding of how the US Judicial Conference is stripping Americans of their rights and liberties and encroaches on the power of the president.

After graduating Wharton and Harvard, I started an investment firm on Wall Street. The media dubbed me the [Demolition Man and Attila the Hun](#) because I was successful at taking on Wall Street stock frauds. Others saw me as an investor protector of hero caliber. After exposing more than 50 Wall Street frauds, I was finally called the nation's [Pioneer of Information Arbitrage](#) by the nation's leading economic think tank. After turning my attention to the corruption at the US Judicial Conference in Washington DC, I founded the [Institute of Judicial Conduct](#), the nation's only independent federal judiciary policy organization. Once you understand the corruption at the US Judicial Conference, it will become clear how to drain the Swamp and save our democracy. I wrote and produced a [comic book](#) to tell the story.

I have experienced the effects of the Judicial Conference in my own life. In 2016, my daughter and I became victims of the [US Judicial Conference's national family policy](#) that prevents Americans from bringing constitutional civil rights claims, involving child custody, into Federal Court. We were made victims of the US Judicial Conference's lawless enforcement of its [parental rights policy](#). I was denied the right to pass down my political and religious beliefs to my own child and was given no legal recourse or redress. Ultimately, I filed the nation's first

criminal indifference to parental rights action against the federal government. My matter is now before the US Judicial Conference, which is composed of the nation's 13 chiefs of the 13 US Judicial Councils and the presiding officer of the US Judicial Conference. My filing exposes how these 14 federal government officials fabricate and enforce policies without any democratic oversight.

My personal experience led me to [investigate the myriad ways](#) the US Judicial Conference harms democracy. I discovered it was the US Judicial Conference that undermined President Trump and eventually allowed the Left to steal the election. The Judicial Conference made it impossible for Trump to reverse the Left's Open Border policy. This went to the extent of using fabricated allegations that President Trump was a racist to prevent the reinstatement of a citizenship question on the 2020 Census and enjoining the rescission of DACA nationwide. The Democrats then ended negotiations on immigration legislation. The Judicial Conference shut down any investigation into election fraud and ensured that all Federal judges shut down challenges to the certification of electoral college votes.

I also discovered how former US Attorney General William P. Barr and former Chief White House Counsel Pat Cipollone controlled Trump's federal judiciary policy and his actions under the 'take care of law' clause. Yet they acted with submissiveness towards the US Judicial Conference and undermined President Trump. Barr, Cipollone, and their allies such as Leonard Leo, Steve Calabresi, and Ed Wheelan effectively joined the Left and refused to address the corruption at the US Judicial Conference. They consented to how the US Judicial Conference encouraged judges to ignore law and use open border and Woke policies to rule. Barr wrongfully deferred to the US Judicial Conference's lawlessness before, during, and after the election, as if these judges somehow possessed powers that only belong in the hands of the American people.

Kat Cammack is intentionally covering up the role of the US Judicial Conference in maintaining the Swamp in Washington DC. She refuses to face me, discuss it, or even acknowledge it – which makes her just as culpable of engaging in a cover up. Demolishing the Swamp's machinery begins with speaking about it. Kat will not, but I will. If we do not deal with the [US Judicial Conference matter](#), Barr's guidance and opinions will continue to impair your investigation and Trump's decision making.

The truth is that Kat is not just covering up corruption in the election but also the unholy and unbearably ruthless corruption occurring at the US Judicial Conference. I pray you take this opportunity to join me in exposing the greatest source of government corruption in the federal government: the United States Judicial Conference.

Sincerely,

Manuel P. Asensio

Manuel P. Asensio

Candidate for Republican Congressional Nomination

Asensio Defeats RINO Kat Cammack's Attempt to Steal Republican Party Endorsement

January 26, 2022

[Manuel P. Asensio](#), the nation's [Pioneer of Information Arbitrage](#) and founder of the [Institute of Judicial Conduct](#), the nation's only *independent* federal judiciary policy organization, defeated Kat Cammack's attempt to steal the endorsement of the Republican Party of Clay County in Florida's 3rd Congressional district. The Republicans gathered for the vote in the Town Hall of Orange Park on Monday, January 24th.

"Kat Cammack is a shameless RINO hiding in a uber-conservative Republican district. In hiding Kat is engaged in a cover-up of the Democratic Party's Woke "open border" federal judiciary policy, which in reality is an election fraud scheme," said Mr. Asensio, "Kat's scheme to steal the Republican Party's endorsement without notice, process, or debate is part of her scheme to conceal the fact that Kat is a RINO.

"Kat's promotional non-sense about fighting illegal immigration is repulsive to Republicans who see the hypocrisy in her whining about the immigration crisis while she is covering up the real problem: a federal judiciary immigration policy aimed at controlling elections. This makes Kat a card-carrying RINO and a member of the resistance working against President Donald J. Trump.

"Real Republicans understand that without Trump our nation would be suffering the second year of Hillary's second term. Real Republicans united behind Trump vanquished his 16 RINO opponents and then beat Hillary. Now RINO Kat's Woke cover up is helping the Democrats solidify their subversion justice policies." Mr. Asensio continued, "Woke federal judiciary policies are the greatest threat America has ever faced. They use false pretenses to secretly poison our society to steal elections and religious and political liberty. I will end Kat's cover-up and restore the constitutional righteousness Kat is undermining."

[Dubbed "Demolition Man"](#) for his [success in taking on Wall Street corruption](#), Mr. Asensio, a refugee from Cuban communism, turned his attention to federal judiciary policies in 2016. He did so after experiencing the painful effects of the Democrats' Woke policies in his own life.

Mr. Asensio concluded, "Woke policies deny parents the right to pass down their religious and political beliefs to their children. Kat's cover-up of Woke schemes in our nation and our homes is monstrous."
